

REPORTABLE CONDUCT SCHEME POLICY

Our Service is committed to protecting the safety, wellbeing, and rights of all children in our care. Since January 1, 2019, Victoria's Reportable Conduct Scheme has required timely reporting and investigation of allegations of reportable conduct by workers and volunteers. Since February 2026, the Scheme has been administered by the Social Services Regulator (SSR). The Scheme complements the [Victorian Child Safe Standards](#) by strengthening organizational responses to child safety concerns.

PURPOSE

The approved provider, management, educators and staff are committed to protecting the safety, wellbeing, rights and best interests of all children. We understand our duty of care to protect children from harm, including harm caused by employees, volunteers, contractors, students or other persons engaged by the Service. We are committed to identifying and responding to risks and indicators of harm

and ensuring all staff have a thorough knowledge and understanding of their responsibilities under the Victorian Reportable Conduct Scheme, which aims to strengthen organisational responses to allegations of reportable conduct involving workers and volunteers.

SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor, students, volunteers and visitors of the Service.

DEFINITIONS

Reportable conduct: The Victorian [Reportable Conduct Scheme](#) (the Scheme) requires organisations to respond to and investigate allegations of reportable conduct involving workers and volunteers.

There are five types of 'reportable conduct':

- sexual offences committed against, with or in the presence of a child
- sexual misconduct committed against, with or in the presence of a child
- physical violence against, with or in the presence of a child
- any behaviour that causes significant emotional or psychological harm to a child
- significant neglect of a child.

Examples of reportable conduct may include: inappropriate sexual comments or behaviour, sexting with a child, use of corporal punishment, persistent belittling that causes significant emotional harm, grooming, neglect or failure to provide adequate supervision or provide adequate health care.

Learn more information about what is considered to be [reportable conduct](#).

Social Services Regulator (SSR): The Victorian regulator responsible for administering the Scheme, including receiving notifications of reportable allegations and overseeing organisations' responses to reportable conduct.

Head of the organisation: The person responsible for notifying the SSR of reportable allegations and ensuring the organisation complies with its obligations under the Scheme. For an early childhood service, this may be the approved provider or another person with delegated responsibility, such as a Chief Executive Officer in a larger organisation.

Failure to disclose: Under the *Crimes Act 1958 (Vic)*, any person aged 18 years or over must make a report to the Victoria Police if they form a reasonable belief that a sexual offence has been committed by an adult against a child under 16 years of age in Victoria.

Failure to protect: Under the *Crimes Act 1958 (Vic)*, a person in a position of authority within an organisation must take responsible steps to reduce or remove a substantial risk that an adult associated with the organisation may commit a sexual offence against a child under 16 years of age who is under the organisation's care, supervision or authority.

Mandatory reporting: Mandatory reporting is a separate legal obligation from the Reportable Conduct Scheme. In Victoria, certain prescribed professional groups, including early childhood teachers and early childhood workers, must report a reasonable belief that a child is in need of protection from physical injury or sexual abuse to the relevant authority under the *Children, Youth and Families Act 2005 (Vic)*.

Reasonable belief: A person does not need proof that abuse or harm has occurred to make a report. A reasonable belief may be formed from a child's disclosure, observations of a child's behaviour or presentation, information provided by another person, or indicators that suggest a child may be at risk.

IMPLEMENTATION

THE HEAD OF THE ORGANISATION/APPROVED PROVIDER MUST:

- be fully aware of, and knowledgeable about, the responsibilities of the head of the organisation under the Scheme
- ensure information relating to a child's safety, health and wellbeing is only shared where permitted or required by law or relevant legislation. Refer to the *Child Protection Policy* and *Child Information Sharing and Family Violence Reforms Policy* for further information regarding the Service's legal obligations for information sharing.
- subscribe to updates from Social Services Regulator (SSR) to maintain current knowledge of Victorian child safety and the Scheme requirements (See: Resources)
- ensure there are systems in place to promote child safety (See: *Child Safety and Wellbeing Policy* and *Child Protection Policy*)
- ensure reportable conduct allegations are brought to the attention of appropriate persons for assessment, investigation and response

- ensure all reportable allegations are reported, including allegations involving workers who do not have direct contact with children, and conduct that allegedly occurred outside of their work where it relates to their role or association with the Service or the organisation
- contact 000 if they have immediate safety concerns about a child or young person
- contact the SSR for guidance if unsure whether an allegation should be reported under the Scheme:
 - Phone **1300 310 778**
 - Email: : contact@ssr.vic.gov.au
 - Website: [Social Services Regulator](#)
- gather the information required to complete the report
- notify the SSR **within 3 business days** of becoming aware of a reportable allegation, via the [secure webform](#). Prepare all information in advance as the form must be completed in one session.
- make a report to Victoria Police as soon as they become aware that a reportable allegation may involve criminal conduct. Where an allegation involves suspected criminal behaviour, the Service must notify Victoria Police, the SSR and the Victorian Early Childhood Regulatory Authority (VECRA) where required
- notify VECRA via the [NQA IT System](#) (within 24 hours) of:
 - any incident or allegation where it is reasonably believed that physical and/or sexual abuse of a child has occurred or is occurring while the child is being educated and cared for by the Service
 - any complaints alleging that a serious incident has occurred or is occurring at the Service
 - any serious incident, including (but not limited to):
 - physical or sexual abuse of a child where emergency services attended the Service
 - any reportable sexual conduct by a nominated supervisor, educator, staff member, student or volunteer against, with or in the presence of, a child
 - any incident or allegation of conduct by an approved provider, nominated supervisor, staff member or volunteer that a reasonable person would consider to be inappropriate at the Service, including inappropriate conduct towards a child or between adults in the presence of a child
 - any change to a person's WWCC or any relevant risk information related to child safety
- understand that where police are investigating potential criminal conduct, police investigations take priority and the organisation's investigation may need to be deferred or adjusted to avoid interfering with the police investigation
- provide the SSR with details of the person responsible for conducting the investigation
- investigate all allegations in accordance with SSR guidance (see Resources)

- manage risks to children while responding to and investigating allegations
- maintain detailed, objective and accurate records throughout the investigation
- provide the SSR with updates on the organisation's response to the allegation
- assess the evidence and determine whether or not reportable conduct occurred
- provide the SSR with details of the investigation outcome and actions taken within 30 calendar days of the initial notification, including finding made, reasons for the finding, evidence considered, and actions taken in response to the allegation. Findings may include substantiated, unsubstantiated, unfounded, or conduct outside the Scheme.
- understand that the Scheme does not replace the legal requirement to report allegations or suspected criminal offences to the Victoria Police
- take appropriate action following the outcome of an investigation, including implementing risk management strategies and reviewing practices where required.

THE APPROVED PROVIDER/MANAGEMENT/NOMINATED SUPERVISORS WILL ENSURE:

- a robust recruitment process is implemented, including effective pre-employment screening, reference checks, verification of required WWCCs and other background checks prior to employment or engagement. See *Recruitment Policy*
- people employed or engaged by the Service maintain current WWCCs where required and notify the approved provider of any changes to their WWCC status or suitability to work with children
- induction includes relevant information on child safe practices, the code of conduct, reporting obligations and responsibilities, and the requirements of the Scheme
- new employees (including the nominated supervisor and staff members), students and volunteers familiarise themselves with the *Child Protection Policy* to understand the child protection law and their child protection obligations
- that they, and all employees understand their responsibilities under the Scheme, including how to raise concerns and notify reportable conduct
- all employees are aware of who holds the position as the head of organisation
- there are systems in place to identify, respond to and manage allegations of reportable conduct
- that they, and all educators and staff, follow policies and procedures relating to child safety, wellbeing and protection
- allegations of reportable conduct are immediately brought to the attention of the head of the organisation
- that they will notify the SSR of any alleged reportable conduct if the head of the organisation fails to do so or is unable to fulfil this responsibility

EDUCATORS WILL:

- contact 000 if they have any immediate safety concerns about a child or young person
- understand their duty of care and their child protection responsibilities
- maintain a current WWCC, where required
- understand and follow all policies and procedures relating to child safety, wellbeing and protection
- understand that information relating to a child's safety, wellbeing and protection may be shared where permitted or required by law, including under relevant information-sharing schemes and legislation
- understand their responsibilities under the Scheme, including how to raise concerns and report allegations of reportable conduct
- understand that it is not their role to investigate allegations of reportable conduct; their role is to report concerns, provide relevant information and cooperate with any investigation undertaken by the appropriate persons or authorities
- immediately report concerns or reportable conduct allegations to the approved provider
- understand that if the head of organisation fails to notify the SSR of a reportable allegation, they must ensure the matter is escalated appropriately
- understand that failure to comply with child safety obligations, including requirements under the Scheme, may impact their suitability to work with children, including their WWCC status.

PROTECTION FOR REPORTERS

All reporters are protected against retribution for making or proposing to make a report under amendments to the *Children Youth and Families Act 2005 and Crimes Act 1958* effective April 2021. The identity of the reporter is protected by law from being disclosed, except in certain exceptional circumstances. Provided the report is made in good faith:

- does not breach standards of professional conduct or ethics
- cannot lead to defamation and civil and criminal liability

A report is also an exempt document under the *Freedom of Information Act 1982*.

These protections are outlined within our *Protected Disclosures (Whistleblower) Policy*, which supports and protects individuals who report concerns in good faith about child safety, breaches of the National Law, or Service operations.

CONTINUOUS IMPROVEMENT/REFLECTION

Our *Reportable Conduct Scheme Policy* will be reviewed on an annual basis or earlier if there are changes to legislation or ACECQA guidance, or any incident related to our policy. Feedback will be requested from children, families, staff, educators and management. All families will be notified 14 days before any policy change that may have a significant impact on the provision of education and care to any child enrolled at the Service or the family's ability to utilise the Service.
